

Longsands Sixth Formers Celebrate A Level Success

++ St Neots students ready to step into the future ++

Students from Longsands Academy, part of Astrea Academy Trust, are celebrating success in their A levels, following a challenging year in which schools were closed and exams cancelled. Despite this, the St Neots students have achieved an excellent set of results and are now ready to step into the future – with many accepting places at top universities.

Amongst those celebrating are:

Mia, who successfully secured an application at the University of Cambridge, where she will be studying archaeology. Mia's hard work and dedication was deservedly rewarded with her obtaining three A* grades in A level Mathematics, History and Biology.

Ben, one of three students who successfully secured a fully funded four-year apprenticeship with MASS, a local IT partner of the Sixth Form. This apprenticeship is a wonderful opportunity that holds on-the-job learning and further study towards a degree, and potentially a permanent role. Ben's devotion to his studies saw him leave with a Distinction*/Distinction* in Computing Double BTEC Award, a B grade in Physics and a C in Mathematics.

Rob, who committed to studying four A levels, including Mathematics, Further Mathematics, Biology and Chemistry. Rob's dedication and excellence saw him obtain four A* grades across all his subjects, helping him becoming a successful candidate to study medicine at the University of Cambridge.

Tom Walker, Head of Year 13, Longsands Academy, said:

“Despite the many difficulties they have faced, this year's students have shown great determination to succeed. Supported by a dedicated team of tutors, they have been encouraged to aim high and work hard - and now can look forward to a very bright future. We are very proud of all they have achieved.”

Neil Owen, Principal, Longsands Academy, said:

“Congratulations to our sixth formers on a tremendous set of results, achieved during yet another extraordinary year in education. Staff have worked tirelessly to help each one reach their potential, and to help them achieve their ticket to the next exciting stage of their lives. We wish them every success.”
