Sixth Form Weekly Update

Monday, 04 July 2022

(Week B)

Year
13

As I write this, I am looking forward to seeing you all at the Year 13 Prom, by the time you read this, we will have celebrated your efforts from the last two years.

It hasn't always been an easy journey and there were a few hiccups along the way, but you made it to the end in a mature and dignified way.

You have been an absolutely amazing year group and I am going to miss you. I am looking forward to a successful results day in August and then celebrating again at the certificate evening in December.

You can contact me via Douglas.Cullen@astrea-longsands.org

PROM 2022

LOCATION:
Lakeside Kitchen and Bar

POST CODE:
MK44 3AL
(Ride Leisure)

ADMIT ONE:
DRESS CODE
SMART/FORMAL

Year
12

I hope you all found the UCAS convention trip last week helpful in giving further information towards potential pathways for your futures.

Next week you will have the opportunity to further explore avenues in your chosen sector during your work experience week. Mr Simpson has produced a wide array of information, helpful resources, and guides to give you the best opportunity to fully engage with the work experience process.

Following your work experience week, Dr Cullen will launch the start of all UCAS applications for prospective university students. This builds upon the information delivered to you in the Year 12 study support evening earlier this year.

For those of you who want more information regarding routes in employment and apprenticeships, Mrs Martindale and Mr Simpson will be delivering this during your next PD session, alongside several external agencies to give you a wide breadth of knowledge.

You can contact me via Thomas.Walker@astrea-longsands.org

CAREERS AND ENRICHMENT

Wiser Environment apprenticeship:

A business based in St Ives who focus primarily on working with the environment are looking for applicants to their apprenticeship scheme. If you are passionate about the environment but are unsure about your career path this is a great place to look. Further details can be found [here](#).

University of Cambridge Open Days:

The University of Cambridge will be holding their open days on the 7 and 8 July. Please use this [link](#) to register if you are interested.

MEDICAL SOCIETY NEWS

A big thank you to Professor Stefan Marciniak who came in and spoke to our Year 12 students about his work as a consultant respiratory doctor at Addenbrookes treating patients with acute emphysema as well as the cutting-edge research his team at the Cambridge institute for Medical Research are conducting. It was incredibly interesting and informative with students having the chance to ask questions individually at the end as well.
